

Southeastern Idaho Public Health

ACCESS AND FUNCTIONAL NEEDS PREPAREDNESS PLANNING KICKOFF

Southeastern Idaho Public Health is seeking public feedback on how populations with access and functional needs can be better included in emergency preparedness planning efforts.

Please join us for a brief presentation about the whole community preparedness planning process and initial forum for this initiative. This virtual forum is open to all individuals and organizations with an interest in improving emergency preparedness for all.

Thursday, June 11th, 2026
10:00 AM - 12:00 PM MDT
