

Measles is preventable.

What to know to protect your family.

SYMPTOMS

Cough
Runny nose
Fever
Pink eye
Rash

Measles is an
airborne, highly
contagious disease

Measles can
frequently lead to
hospitalization

Measles can be deadly,
especially for babies
and young children

The measles vaccine
has been protecting
Texans for generations

Don't wait. Contact your doctor to schedule a measles vaccine. If you're infected, 90% of those around you who are not protected will also become infected.

For a vaccine near you, visit dshs.texas.gov/measles.
