

SEXUALLY TRANSMITTED DISEASES

TESTING AND TREATMENT

Southeastern Idaho Public Health's Sexually Transmitted Diseases Testing and Treatment Program provides vital sexual health services for people who have trouble accessing care. It offers testing, treatment, education, and follow-up support to promote early detection and prevention. Additionally, it helps keep individuals healthy and communities strong.

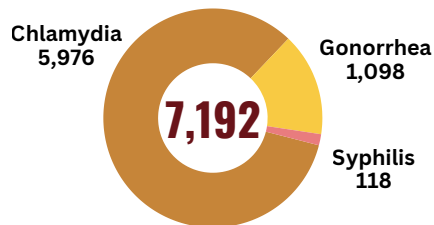

THE PROBLEM

IDAHO RANKING (2022)

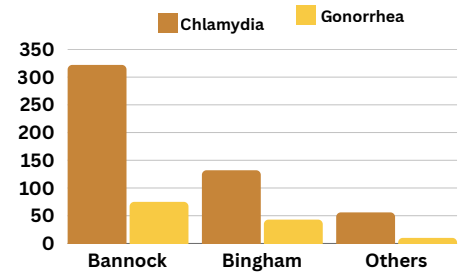

46th

Idaho ranks 46th Nationally in Chlamydia, Gonorrhea, and Syphilis Rates
